

KS1 History Concept Map

Key concepts link different areas of learning within the subject – these concepts underpin the learning. Key concepts • Chronological Understanding - a sense of period and time; the sequence that events have happened in • Change, Continuity and Development– how societies have changed and evolved over time, what things have continued over time and what might be considered progress over time • Cause and Consequence– why did events happen in history and what followed as a result • Interpretations– how we know about the past and how we develop an understanding of historiography • Significance and Diversity— how we understand the relationships between different societies and our own identities				
Abstract concepts are the themes that can be identified across different areas of learning • monarchy • government • empire • civilisation and society • law and order • conflict power • society and culture • religion
